GENERAL WORKING BEE

A big thankyou to the members listed below who attended the general working bee held on Sunday the 10th November 2002.

We were lucky enough to have good weather, which enabled the numerous tasks to be carried out. Many of you will have seen the new colour scheme on the pergola, it is envisaged that the clubrooms will also be painted in this colour scheme at some stage over the coming months. Cleaning of the kitchen, shower area, toilets and room upstairs was also completed which is an mammoth task in itself considering the wildlife that inhabit the building throughout the year. Our friends the possums and rats!!

Barwon Water again supplied seedlings, which were planted around the back of the car park. A sprinkler system was installed to ensure their survival!

It was terrific to see so many of our younger members enthusiastically painting and carrying out jobs to enhance the club for us all to enjoy over the coming warmer months.

Once again thankyou and well done!!
